

This architectural site plan illustrates a building complex with a focus on outdoor spaces and landscaping. The central building features a large interior courtyard with a grid of columns and various room layouts. Surrounding the building are several outdoor seating areas, including a large terrace with a grid pattern and a smaller area with a circular pattern. Landscaping is a key element, with numerous circular and irregular green spaces containing trees and shrubs. A prominent feature is a large, irregular green area labeled 'Wildblumenwiese Neue Anlage Entwicklung' (Wildflower meadow new development). Other areas include 'Rasenwiese' (lawn meadow), 'Sitzbank mit Rasen' (bench with lawn), and 'Vorplatz Begrünt mit Sitzbank und Meer-Kyllburg-Lilie' (forecourt greened with bench and sea holly). The plan also shows a 'Wassergebundene Weg' (water-bound path) and a 'Tischtennis' (table tennis) area.
